Greetings Mr. DeKraker,

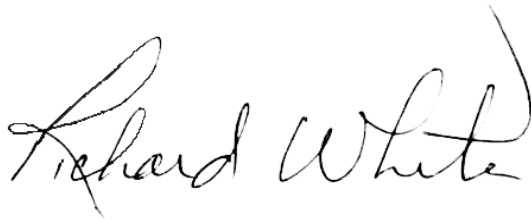

Two weeks ago today the jury found The Happy Train not negligent in the accident that happened on July 3, 2006 and I want to thank you for the support you gave to this case. I would not have been able to financially defend myself had you not decided to face this action. For that I am very, very appreciative.

The attorneys you chose to represent me did an excellent job. I don't know if this was a hard case or an easy case since this was the only time I have been involved in this type of action. Easy or hard Mr. Fee and Mr. Garner met the challenge with what appeared to be very little effort.

From the time they started the Voir Dire to the time the jury took the case to decision, they were always polite, well prepared and in control of the proceedings. They treated each and every person involved with the trial with respect and, I feel, extreme compassion.

My wife and I truly appreciate all the work and preparation that transpired these past three years. Again we thank you for standing behind us during this difficult time.

Sincerely,
